Home Visit

All children will receive a home visit prior to starting Fullbrook Nursery. This short visit will support the successful transition of children into the setting away from their parents for possibly the first time. The home visit is also used as an opportunity to gather information from parents about their child's interests and development mile stones.

Settling In Sessions

Parents will be asked to support the settling in process. This process is dependent on the child's individual needs and will be discussed with parents as their child starts. Over the first few days their length of session will gradually increase. Once a child is happy to be left in nursery for 2 hours and is making good progress building new attachments with their Key Worker, their session will be increased to their full entitlement.
